GLOBAL LEADERSHIP

INVESTMENT

PEOPLE

EU Shipping

Gaining competitive advantage through:

Quality Shipping

- Raising the bar of international standards on safety and environmental rules

Stable Fiscal Environment

- Maintaining the State Aid Guidelines to Maritime Transport

Enhanced External Maritime Transport Relations

- Maritime high on the agenda of EU Trade policy (FTAs)
- Maritime Transport Dialogues with key trading partners for improved market access

Support Green Shipping Investments

- Green Shipping Guarantee Scheme, CEF, EFSI, Horizon

Digitalisation

- Increase attractiveness of maritime transport: reduce administrative burdens through ESW, integrate sector into logistic network

Utilise the richness of expertise of our human resources

- Invest on the upgrading of skills of the EU seafarers

European
Commission

New rules on ports services in the EU

will unleash the economic potential of 329 main ports in Europe
helping to sustain 3 million jobs.
