

ESPO Award 2020 - Applications List

Theme: Role of the port in encouraging innovators and local start-ups to be part of the port ecosystem

The ESPO Award 2020 will go to the port managing body that has developed a successful strategy to attract innovation and local start-ups to the port and thus matches supply and demand for innovative solutions for the port and its stakeholders. The winning port will demonstrate to what extent this strategy has led not only to stimulating innovation in the port, but also making the port ecosystem an attractive place for innovative ideas and local young start-up talents.
