An aerial photograph of a large port facility. In the foreground, there are numerous stacks of intermodal containers in various colors (yellow, blue, white) arranged in neat rows. Several large yellow gantry cranes are positioned along the waterfront, some with their booms extended over the water. To the left, a multi-lane highway with overpasses curves through the port area. In the background, more port infrastructure, including additional cranes and ships docked at piers, is visible. The water is a deep blue, and the sky is clear. The overall scene depicts a major hub of international trade and logistics.

“Turning climate threat into an opportunity”

The image features a vast, snow-covered mountain range under a soft, pastel sky of pinks, oranges, and blues. The word "skift" is prominently displayed in the center in a large, white, sans-serif font. The 'S' is particularly large and stylized, and the 'i' has a distinct dot. The overall mood is serene and expansive.
