

Is Greening Leading to Cooperation with NGOs?

Or is cooperation with NGOs leading to greening?

- Partner (technical and political exchange > Hamburg: authority fleet, fuels)
- Agenda setting (e. g. OPS, SECA, fuels and drives, BioDiv)
- Watchdog for the business (e. g. greenwashing, SDG, legal aspects)
- Voice of civil society (awareness rising > undesirable development)
- Plattform (NGO-events addressing green issues)
- Stakeholder (e. g. SR, PDP, spatial planning)
